HEALTH BENEFITS

GREEN LIPPED MUSSEL

Green-lipped mussels are packed with omega-3 fatty acids, glucosamine, and chondroitin, which have proven benefits in reducing muscle damage and inflammation.

PUMPKIN

Pumpkin is a powerhouse of nutrients, including vitamin E, potassium, and beta-carotene. It offers numerous health benefits for dogs/cats, such as supporting a healthy digestive system with its high fiber content.

BAMBOO FIBER

Bamboo fiber is a premium dietary fiber that promotes healthy digestion and contributes to firmer stool consistency in pets.

YUCCA SCHIDIGERA (for dogs)

Yucca is rich in vitamin C and antioxidants, which play a vital role in boosting the immune system and overall well-being. The antioxidants in yucca protect against cell mutations and damage caused by harmful molecules.

KRILL (for cats)

Krill boosts cat health with Omega-3s for skin and coat, plus antioxidants. It's easily absorbed and eco-friendly.

Formulated by veterinary dietitians to meet or exceed AAFCO nutritional standards, our recipes utilize the finest meats and ingredients and provide optimum palatability while supporting pet overall health.
